

OCONTO COUNTY ATV/UTV TRAIL & ROUTE SYSTEM

ATV/UTV LAWS: HELMET: ATV/UTV operators under age 18 are required to wear a minimum DOT standard ATV or motorcycle helmet. Bicycle helmets do not meet this requirement. **LICENSE PLATE REQUIREMENT:** All UTV's and ATV's required to register for public use shall have a plate attached to the rear of the vehicle. **UTV SEATBELT:** All operators and passengers must have their seat belts attached at all times. **ROAD ROUTES:** Children between the ages of 12-15 must be accompanied by an adult designated by the parent or guardian when riding designated road routes. The child still needs safety certification and the accompaniment requirement does not apply to off-road trails or while crossing roads. **ATV SAFETY CERTIFICATION:** All ATV operators at least age 12 and born after January 1, 1988 must possess a valid ATV safety certificate issued by this state or any other state or province.

Riding the Trails & Routes is a privilege not a right
Please support the businesses that sponsor this map

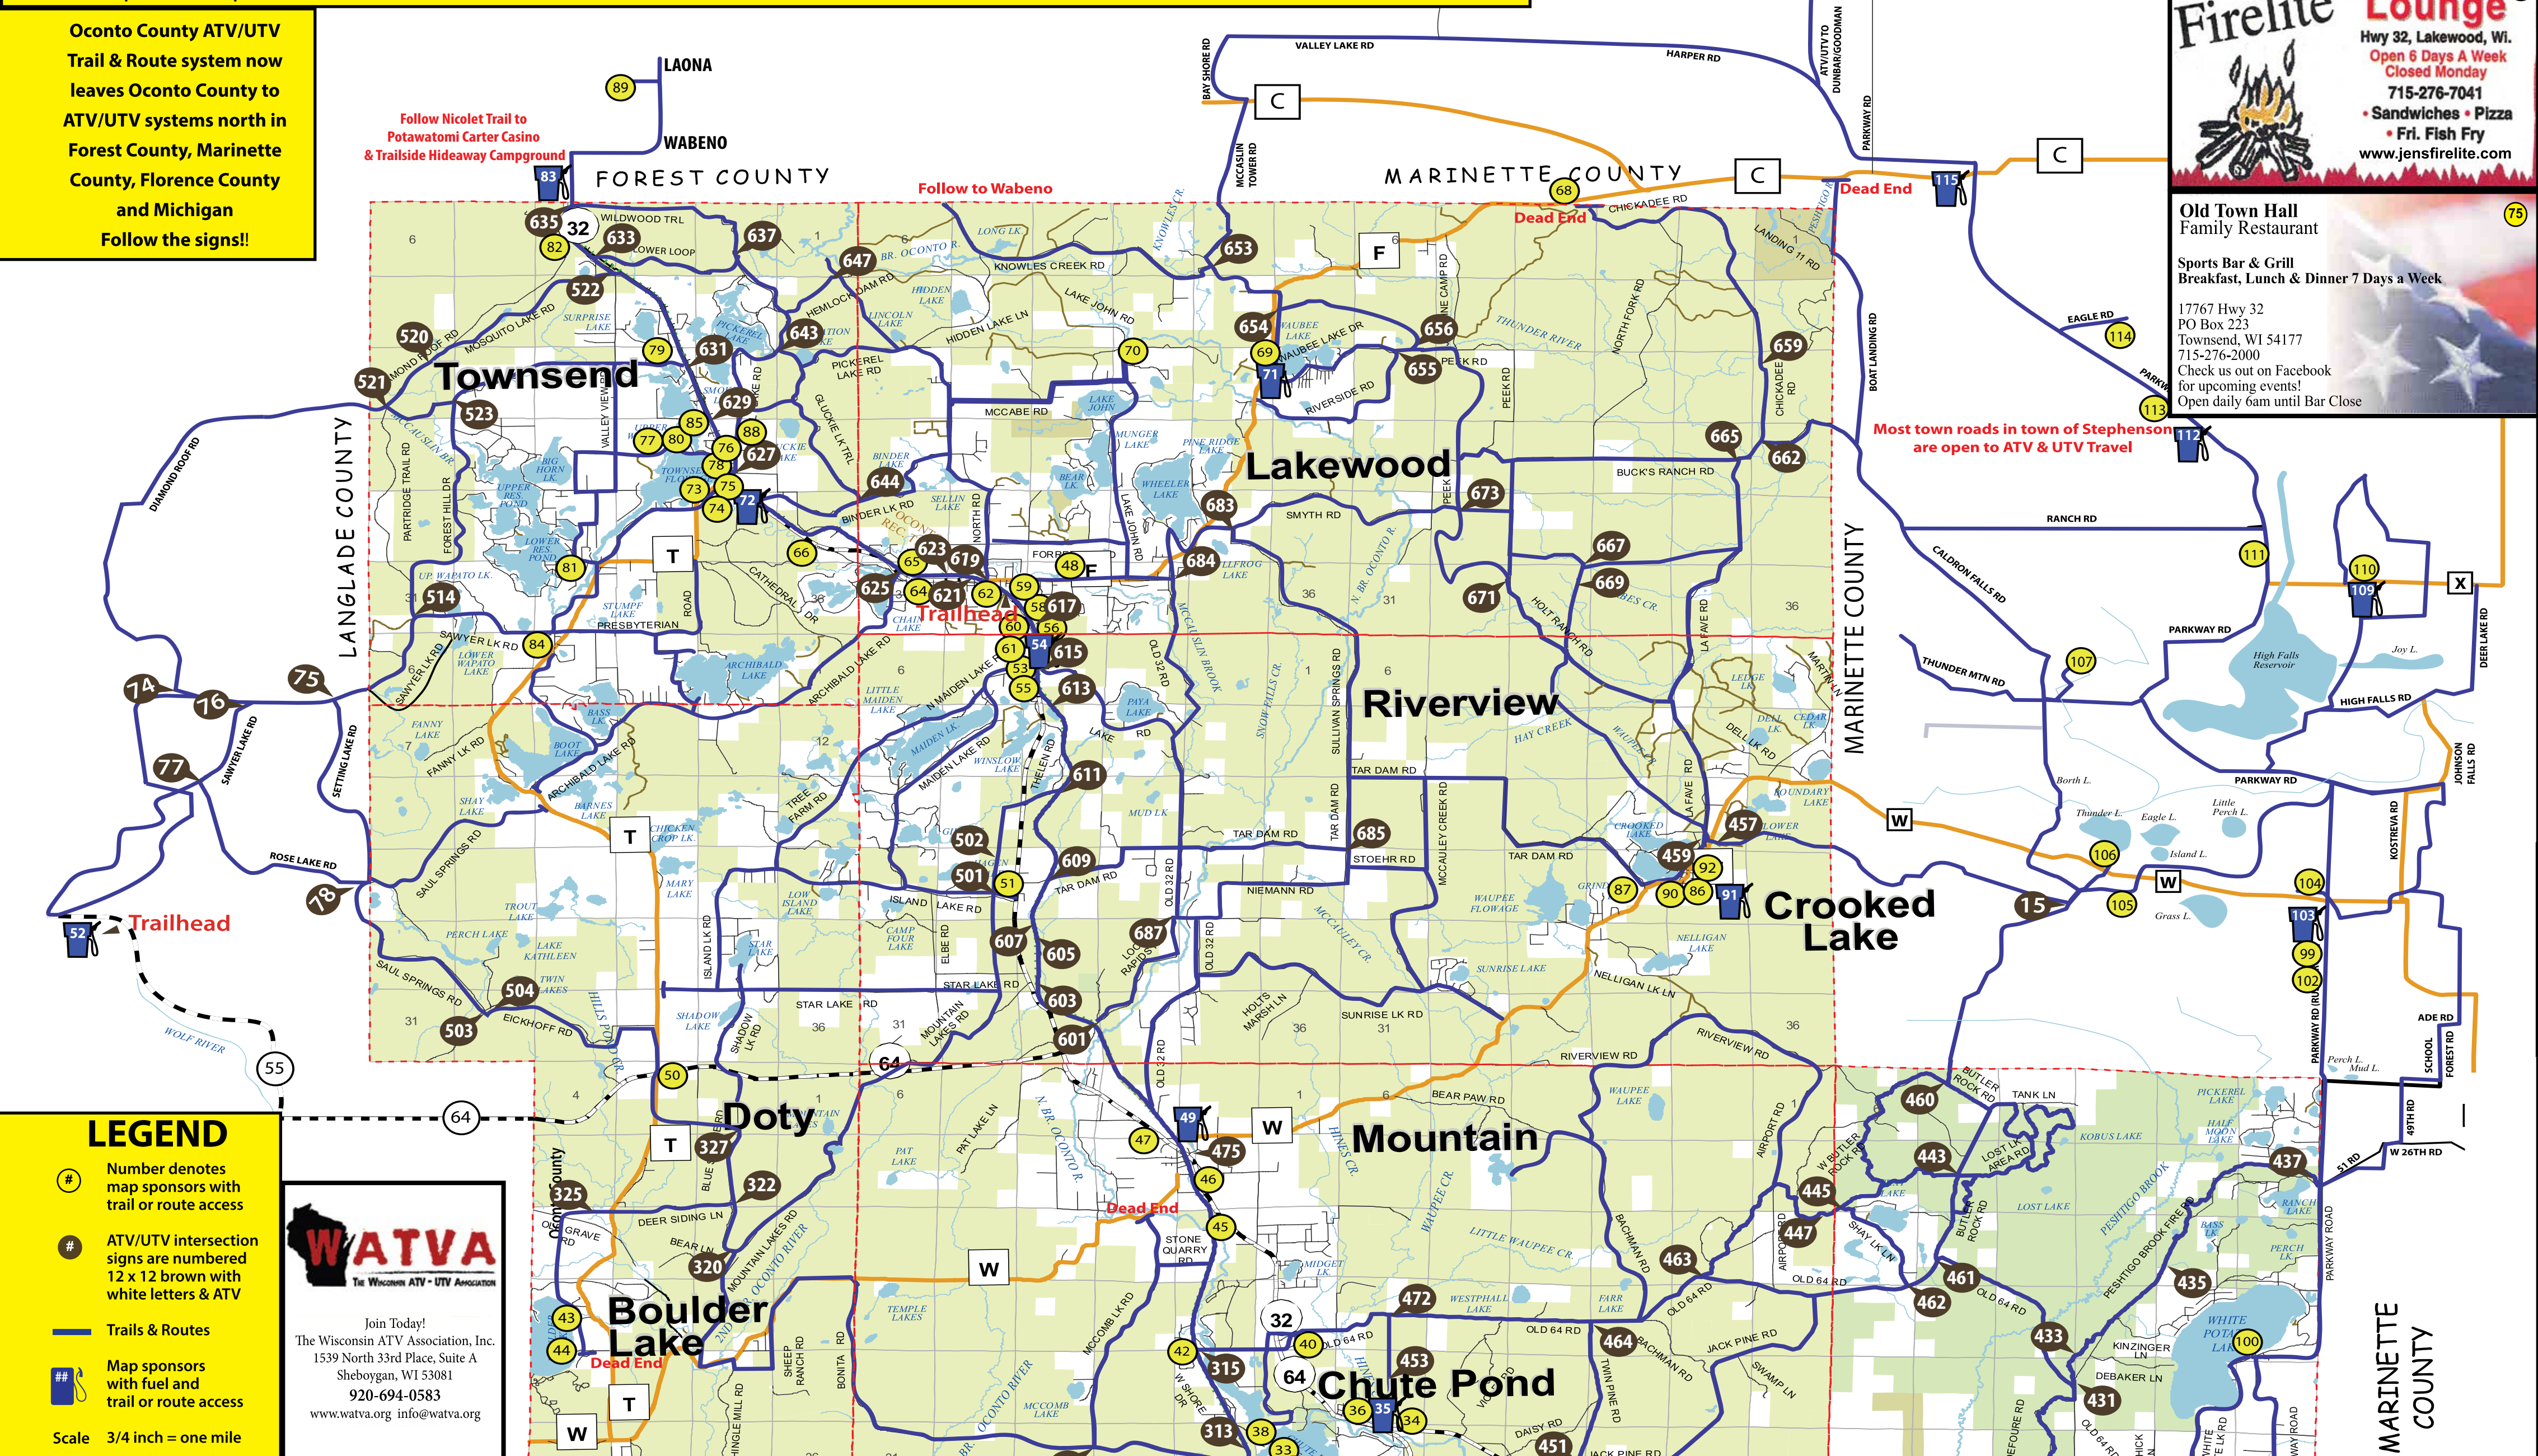

STAY ON MARKED TRAILS & ROUTES ONLY
This trail/route system has a Trail Patrol, DNR Officers and Oconto County Sheriff's Patrol.

Most town roads in
Townsend, Lakewood, Doty,
Riverview, Mountain, Bagley,
Brazeau and Stephenson are
open to ATVs/UTVs.
Follow the signs.

Trail Funding and ATV Clubs
ATV/UTV Trails are funded solely by owners registration fees and a small transfer from the gas tax based on average usage of machines for off road use. There are no general funds used for trail construction or maintenance. The five clubs responsible for trails in Oconto County (see club ads to the left) spend thousands of volunteer hours per year so that owners can have a great place to ride. They urge you to visit www.ocontocounty.org Click the ATV logo and find links to the clubs websites. All clubs welcome new members and post information about club activities and events on their sites.

Please note our all new Oconto County Trail Locator Numbering System... Know where you are at all times!

Intersections & Significant Waypoints are signed with a 3-digit number and the GPS location using the National GRID/MGRS (NAD83) System.
All previous map editions should be recycled. They are no longer valid.

TEAM MOTORSPORTS
If you want the best selection of vehicles and accessories in Northeast Wisconsin, shop at our Green Bay store. For more than 30 years we have served the Fox River Valley with smiling faces and great service.
